

# YOUTH JOB TRAINING PROGRAM

Young people entering the workforce often lack the skills to help them obtain and – most importantly – maintain employment.

To help local teens gain important employment skills, Wyoming Youth Services has partnered with the City of Wyoming and Wyoming Recreation Department to offer a job training program for community youth between the ages of 15-18.

The program will be held on:

**Saturday January 12th, 2013**  
**from 9-3:00 pm at the**  
**Wyoming Recreation Department**

The training will teach kids a range of employment skills from how to apply for positions, to how to complete a job application, personal presentation, references, and consideration of the best jobs for them based on interests, abilities, transportation and available hours. We will include discussion on behavior, integrity and ethics in the job market and as well as the role of Facebook and social media in the work environment. Representatives from local businesses will be on site to conduct mock interviews to reinforce interview skills for participants.

The program will culminate with a job fair with local employers, including the Wyoming Recreation Department, Blue Ash Recreation Center and Powel Crosley YMCA.

**There is no charge for the program although advance registration is required. To register your student or to learn about how your company can participate in the job fair, please contact Wyoming Recreation at 821-5200.**
